

I.

- a. **Name:** Taiwo Rachel **Kotila**
- b. **Department:** Haematology
- c. **Faculty:** Basic Medical Sciences

II. University Education (with dates)

University of Ibadan, Ibadan 1981-1987

University of London 2014-2016

III. Academic Qualifications (with dates and granting bodies)

MB; BS, University of Ibadan 1987

M.Sc.(Clinical Trials) University of London 2016

IV. Professional Qualifications (with dates and awarding Bodies)

Membership (West African College of Physician) 1992

FMCPATH (National Postgraduate Medical College) 1997

Certificate in Bioethics (West African Bioethics) 2012

Certificate in Good Clinical Practice

(West African Bioethics) 2012

V. Scholarships, Fellowships and Prizes (with dates) in respect of Undergraduate

and Postgraduate work only

- Dr Charles O Majekodunmi Prize for the best student in Haematology

Part II FMCPATH 1997

- Nigerian Society for Haematology and Blood Transfusion

(NSHBT) Young Investigators' award 2000

- Research Fellow, Hebrew University, Israel. 2009
- The Royal Society of Tropical Medicine & Hygiene scholarship

for molecular studies, Hebrew University,
Israel. 2010

VI. Honours, Distinctions and Membership of Learned Societies

- Nigerian Medical Association 1987
- Nigerian Society for Haematology and Blood

Transfusion (NSHBT) 1997

- Treasurer, Nigerian Society for Haematology

and Blood Transfusion (NSHBT) 1999-2002

- College of Nigerian pathologists 1997
- African Society for Blood Transfusion 2004
- Royal Society of Tropical Medicine and Hygiene 2008
- African Society of Human Genetics 2011

VII. Details of Teaching/Work Experiences

Teaching of various aspects of Haematology to medical students during Introductory, Block I & II postings. I also give tutorial classes during these postings and supervise practical classes.

Teaching and supervision of postgraduate students (M.Sc.)

Pioneer Head, Department of Pathology, Federal Medical Centre, Owo

I assisted the institution to set the template for the establishment of the four Pathology Departments (Haematology, Chemical Pathology, Medical Microbiology and Histopathology).

One-year sabbatical at the Hebrew University in the department of

Bone Marrow Transplantation to understudy the set-up of a bone marrow transplantation unit.

Topics Taught at Undergraduate Level

Haemolytic disease of the newborn

Burkitt's lymphoma

Sickle cell disease

The Thalassaemias

Laboratory Investigations of Anaemias

Paroxysmal Nocturnal Haemoglobinuria

Myeloproliferative disorders

Courses taught at Postgraduate Level

HAE 701

Erythropoiesis and Red Blood Cell Physiology

Cytochemistry in the diagnosis of Haematologic Malignancy

HAE 702

Haemoglobin structure and function

Laboratory diagnosis of haemoglobinopathies

Haemoglobinopathy I: Structural defects

Haemoglobinopathies II: Quantitative defects

Molecular methods in the diagnosis of haemoglobinopathies

HAE 720

Automation in blood counts

Bone marrow transplantation

HAE 722

Quality control in the diagnosis of haemoglobinopathies

Administrative Duties

Pioneer Head, Department of Pathology, Federal Medical Centre, Owo. 1997-1998

Sub-Dean Undergraduate, Faculty of Basic Medical Sciences 1998-2002

Treasurer, Nigerian Society for Haematology and Blood Transfusion
(NSHBT) 1999-2001

Ag. Head, Department of Haematology, University of Ibadan 2012-2014
